Chapter 1- I Get Caught

"Stop right there!" a voice came from down the tunnel.

I held my hands up, slowly.

"This isn't what it looks-"

"Get down on your knees! Now!" a tall man with a gun in his hands walked towards me.

I got down on my knees and put my hands behind my head.

"Please, don't kill me. You can't. I mean, you can. But you can't. Look, the point is, I can help you. I know what you're looking for," I stammered.

"Stop talking!" he shouted. "Follow me!"

I stayed put.

"I said follow me!" he yelled with anger and disgust.

I got up and followed him through the dark, dry tunnel. The moon was out and it shone brightly in the sky.

I looked up to the star filled night sky and whispered, "Please, help me, Aoife. Please."

"What did you say?" the man looked back and glared at me.

Nothing, I said.

He kept walking, looking back over his shoulder.

When we got to a black pickup truck, he opened the door and grabbed something out. Then he opened the gate to the back.

"Get in. Now!"

I got in and sat there, staring at him.

"You don't have to do this," I told him. "You don't have to follow his orders."

He walked to the front and put in the key. We drove down the dirt road coming from the tunnel.

Chapter 2 by puppies4life

As we drove out of the tunnel, I was a sweaty mess. I was so nervous, I could barely think. I know your probably confused about why I just got kidnapped in a tunnel. Here, let me back up a little bit. You see, I have this...gift. I guess you can call it that. I can shape shift. I can also talk to gods. That's why I was asking Aoife, the sky god. When I tell most people that they say wow that's cool. Well, not really. It gets me into all sorts of trouble. You know how on the dollar bill there is a triangle and everyone says that it's illuminati confirmed? Well it is real. The society has threatened to kill everyone I love unless I use my powers to kill all the world leaders so they can take over. That's why I'm riding a car with a stranger. 🚗
